

**AMENDMENTS TO THE SPECIFICATION**

Please amend the originally filed specification as follows:

Please replace Page 8, lines 19-22 with:

--Cross-section FIG. 5 shows in detail the operation of strap 18. The user, having inserted his hand into the glove, passes the strap 18 through buckle 24 and then back again towards the glove, so that the loops 28 in strap 18 engage the hooks 26 on the outer portion of the glove strap 18 which may be elastic.--
